

# Rules of Pickleball

1. **Serve:** Start by underhand-serving the ball, diagonally, to the opponent's side.

2. **Return:** After the ball is served, the opponent must return the ball. The ball can only touch the ground once.

3. **Rally:** Keep the ball in play by passing the ball back and forth with the opponent.

4. **Score:** The first team to reach 11 points, leading by 2 points, wins. A point is earned if the ball goes out of bounce, or the opponent unsuccessfully returns it.
